

**Minutes of Los Angeles Area Meeting of
TUNEFIND**

August 3, 2005 6:00 - 6:30 pm
Kenneth Hahn State Recreation Park, CA

Present: Teresa Level, Sharon Murray, and Mitsuru Kido

This meeting was planned as a recreational event plus a little bit of business. Friends (assistants: Edgar and Christine Panduro) were invited to the outdoor cooking (3:30 pm - 6:00 pm). We played catch-ball, and since around 6:00 pm, the review of the last month's Board of Director meeting (July 20, 2006) went on.

Mitsuru reported about the completion of TuneFind's programming about "Dual" programs (PC, Macintosh, Linux_Unix). He admitted that the revenue from foundations were difficult, unless there are background negotiations through personal contacts. He would try these contacts. Possible recruitment a director / a honorary director from historically famous, "the Famous Players-Lasky" group, Ron Lasky, was reported. Also, Mitsuru addressed about eavesdropping domestic spy over the years, which was likely conducted by satellites on the orbit.

Sharon came around 5:00 pm, and joined our catch-ball. The work of mailing address list toward 50 States was in progress (NY, OH, PA, and TX).

Teresa confirmed all meeting agendas, but missed the delicious outdoor cooking since she came late.
